

Editorial: At the half way mark the two sides are going quite well. The "A" grade attack spear-headed by George Pluschke is getting into top gear and the batting and the fielding are improving with every game. The "B" graders are playing steadily with most of their success coming from solid teamwork. Both sides face vital games on Saturday so we wish everybody the best of luck.

Once more we are indebted to Lydia for her help in staging a social function. The club offers its sincere thanks.

Congratulations to: Ron Stanton for his 300th wicket.

Bob "Pigs" Sutherland for his fine "A" grade debut.

Peter Miller for a very determined effort in his first game.

Social. DON'T FORGET the Xmas tree on the 24th Dec. at the White Gum Valley Scouts hall just off Stephen Street. Parents are asked to purchase a present to the value of 50 cents for each child to put on the tree. We hope everyone will be there at 7.30 p.m.

Did you hear about the ambitious crab? According to Norm he studied so hard to get off the bottom that he ruined his eyesight and had to start wearing glasses.

Here and there :- Pluschke now needs 29 wickets to reach 500 - Stanton needs 84 runs for his 1000 - Read needs 73, Bell 85, Rayner 133 and Dyer 144 for 2000 runs. - DON'T FORGET to make your plans for our January trip - 12 players have been tried in the "A"s and 14 in the "B"s.
